## Glades Roads & Bridges Under Construction And Proposed Thru Governor Johns' Board

When Florida's Constitutional provisions placed Charlie Johns in the Governor's Chair, he DID NOT CANCEL ALL OUTSTANDING ROAD AND BRIDGE CONTRACTS, he did fire Board Members who confused themselves and the public through a political-opportunistic argument.

Charlie Johns' Board has followed through on existing contracts and asked more — he is the first Florida Governor in our knowledge who has by his actions recognized that Palm Beach, Broward and Dade Counties have some function in the State of Florida other than PAYING THE BILLS.

We're fed up with promises, and NOW ARE GETTING SOME ROADS AND BRIDGES — not promises.

Here's what Dave Turner, with the aid of Cecil Webb, as Road Board members are DOING for you and me: (Black Lines).

## Governor Johns Speaks In Pahokee at 9:30 AM Monday; In Belle Glade At 10:00 AM In Front Of City Hall

U. S. NO. 27 — Now being resurfaced to South Bay — first time anything done since 1938. CONNOR'S HIGHWAY — Being rebuilt from Canal Point to Twenty-Mile Bend.

SIX-MILE-BRIDGE — Continuing and straightening out right-of-way that previous Administrations have been arguing and promising for four years.

CHOSEN ROAD — Present County Commission failed to provide money for surfacing, although money available to spend in Sunday's and Lytle's districts. It might have been spent that way because both those gentlemen knew they had to run this year.

They didn't know that they would have to run county-wide. Dave Turner has and is providing funds to surface the road. Does it make any difference in the dust and usability of the road?

Mr. Luther Jones, Belle Glade, Fla. Plans for Lake Harbor and South Bay bridges have been completed so far as our division engineering and forwarded to Tallahassee. We are working to get them in May 11th latting, will advise as soon as near definitely.

Dave Turner Member State Road Board.

BELLE GLADE - PAHOKEE ROAD — Resurfacing in immediate future.

SOUTH BAY AND LAKE HARBOR BRIDGES — See Dave Turner's telegram.

These bridges should have been built while this County had a most powerful delegation in Tallahassee, with one of our State Speakers.

Actually Johns' crowd got the plans completed by the District Engineer just now and is attempting to let the contracts on May 11th.

CARDWELL ROAD — Certified by the present County Commission to the State Road Board. This road of about two miles.

BELLE GLADE RAMBLERS. PALM BEACH AIRFORCE MEET SUNDAY 3:00 P. M. The Belle Glade Ramblers will meet the Palm Beach Airforce

team here Sunday afternoon at 3:00 pm for their first game of the 1954 baseball season. The game will be played on the High School baseball diamond.

The Ramblers are hoping a few more players will join the team, so if any one is interested in playing baseball with the Ramblers, call Sam Crissman at the Everglades Experiment Station, phone 3063 or call Perry Rigdon at the Belle Glade Herald, phone 2058.

'Stairway To Stars' Featured At Prom Highlighting the calendar of social affairs of the Belle Glade High School was the Annual Junior-Senior prom held at the High School Auditorium Friday night, with the juniors as hosts.

'Stairway To Stars' the theme used, was beautifully carried out in a park setting with hundreds of twinkling stars, a full moon and blue streamers for the sky, and a lovely soddie garden at one end, complete

WHEREAS, the Palm Beach County Civil Defense Council through its membership of local workers is actively engaged in the defense of this country, and WHEREAS, there is an existing and ever present menace to our democratic way of life in the form of world communism,

WHEREAS, in modern warfare no city is free from attack; NOW, THEREFORE, I, Harold J. Rabin, Mayor of the City of Belle Glade, Florida, do urge each and every person to take part in the task which lies ahead by cooperating to the fullest extent with the federal, state, and local governments in the development of their plans for national and civil defense, and

DO HEREBY PROCLAIM, the week of April 18 to 24, 1954 as Civil Defense Week for the City of Belle Glade, Florida. Witness my hand and the seal of the City of Belle Glade, Florida, on this fifteenth day of April, A. D. 1954.

HAROLD J. RABIN, Mayor. (Seal.)

## Roberts Discusses Flood Control At Jaycee Meeting

Emmett Roberts, Candidate for State Representative from this area, was the featured speaker at the regular meeting of the Belle Glade Junior Chamber of Commerce Thursday evening.

The speaker, introduced by Jaycee member Claude Jones, explained some of his views on the political race for the State Legislature and discussed the flood control program of the Central and South Florida Flood Control District.

Mr. Roberts gave a brief history of the beginnings of the District and traced the development of the flood control program to its present stage. In outlining future plans the speaker indicated the whole program would probably cost more than \$200,000,000 and should increase the amount of land available for agricultural purposes in the Glades area from 300,000 acres to 700,000 acres. "In (Continued on Page Two)

## Corn Takes Lead In Rail Movement

Corn and celery lead with 169 and 152 cars respectively, and followed closely by mixed vegetables at 112, with beans, cabbage and escarole much lower for a total movement from Belle Glade - South Bay of 501 cars against 137 for the north end.

Corn will continue to be heavy if prices allow, and beans will increase continuously.

N. End	S. End	Com.
Beans	172	321
Cabbage	4	106
Celery	15	355
Collards	0	0
Corn	22	373
Escarole	0	18
Lettuce	0	0

## NEW MUSIC DIRECTOR AT BAPTIST CHURCH

Lamar Willis, employed by the First Baptist Church of Belle Glade, as summer worker will take up duties of musical and educational director on June 15, and will be on the field until September 15.

Willis is 21 years old and is a native of Manchester, Ga. He finished High School at Manchester and entered Mercer University, Macon, Ga., and later transferred to Stetson University where he will graduate next year. His major is in Vocal Music and he plans a career of sacred music.

LOCAL GIRL ELECTED  
TO STATE FHA OFFICE

Miss Jeanette Friedman, elected State Parliamentarian of the Future Homemakers of America at a recent meeting held in Day on a Beach, was elected.

She was a candidate for state treasurer. Mrs. Hazel Littlefield, Lois Engel, Louise Strohle and Joan Johns were on hand to help the girls campaign for the office.

Installation ceremony and banquet was held Saturday night by an executive meeting on Sunday morning.

## ON EASTER SUNDAY

## Sunrise Service Memorial Field

Easter Sunrise Services will be held promptly at 6 am Sunday morning at the Memorial Field under the auspices of the Ministerial Assn. Rev. Robert Ford, Pastor of St. John's Episcopal Church will preside.

Rev. U. W. Malcolm, Pastor, First Baptist Church, Belle Glade, will deliver the sermon, "The Darkness Into Light."

Rev. E. L. Holliday, pastor Community Methodist will read the Scripture and prayer by Father John C. Petrie, vicar of St. John the Apostle, Rev. G. D. Prince, pastor of the Church of God will give the benediction.

The music will be under the direction of Mrs. Dorothy Ingram. "All Hail The Power of Jesus Name" and "Christ the Lord Is Risen Today" will be sung by the congregation.

The service will be broadcast from 6:00 to 8:30 over WSWN.

## Dr. Baxt Strongly Endorses Vaccine

Dr. Herman Baxt, representing the County Medical Society and director of the trials to be given in the local schools, when asked about the trials said, "I am confident that competent tests and tests have been made on the vaccine so that it is not harmful to the children. I would gladly demonstrate my faith by personally administering it to my own sons if permission is given — they are not in the classes planned to receive it."

## Cancer Crusaders Will Call Tuesday From 8 'Til 9 PM

Mrs. Frank Dooley, local chairman, of the 1954 Cancer Crusade urges everyone to participate by having a light in your window Tuesday night, April 20, from 8 p.m. 'til 9 p.m. when your neighbor with arm band of the Cancer Crusaders, will call on you. Give generous.

The Belle Glade Memorial Hospital Auxiliary will also sponsor Tag Day for the Cancer Crusade, Tuesday, April 20, and Thursday, April 22, at the Florida National Bank on S. W. Ave. B.

Mrs. Dooley will be assisted by Mrs. Guy Wood, Jr., and other volunteers.

C. E. Harris, Jr., state chairman of the 1954 Cancer Crusade, sponsored during the month of April by the American Cancer Society, announced that Florida's goal has been set at \$750,000 this year, and the first time in history all of the 67 counties are expected to participate.

After securing favorable comment from the Treasury's Tax Division, the Congressmen began work on it in the House. Mr. Bamford is in receipt of an excerpt of the Committee's report on provisions included in the Bill which has just passed the House and is in the Senate for consideration.

The Bill provides deductions for "soil and water conservation" which includes the normal water control work done in this area.

## THIS WEEK'S GAMES IN BOTH LEAGUES

THURSDAY  
April 15 & 17 Jaycees vs. Pioneer Elks vs. Kilgore  
Friday, April 16, BG Lions vs. Rotary Elks vs. South Bay Lions.  
Saturday, April 17, South Bay Lions vs. BG Lions; Rotary vs. Elks.

## 1111 Cattle Sold On Two Sale Days

The Monday and Wednesday sales days combined produced sales of 1111 animals for a total of \$80,951.

More cattle are wanted for the Wednesday sale.

The Monday sale enjoyed steady to strong prices.

Sale of Monday, April 12, 1954  
221 Cattle \$87,235.41  
433 steers, 111 bulls, 108 calves, 223 cows, 105 heifers, 44 yearlings, 53% cattle to slaughter, 60% of dollars to slaughter.

Slaughter Steers: Cattle 16.40, 17.30, 17.30-18.50, 18.50-20.00, 20.00-21.00, 21.00-22.00, 22.00-23.00, 23.00-24.00, 24.00-25.00, 25.00-26.00, 26.00-27.00, 27.00-28.00, 28.00-29.00, 29.00-30.00, Roberts, chairman of Fair committee, looks over the City Manager. Right presents cup to Helen Morris, South Bay principal; Alex N. H. White, High of Fair Committee.

## PAR-TEE LINE

Country Club of the  
Broward  
League

Belle Glade Golfers came in second by half point in the Elks Tournament at Clewiston last Sunday, with Clewiston winning out of 120 players from cities in S. B. and central Florida. Following play a barbecue with all the trimmings was served at Clewiston Elks Club.

Belie McCabe and Louise Rhodes were winners in Ladies Day play on Friday. On April 23 the ladies will start qualifying rounds for the Annual Club Championship. The County golf matches start April 19 with Lake Worth playing Belle Glade on the local course.

Reports are that Spider Lindrose, up and coming golfer, had a score of 37 on nine holes recently, others players are happy he didn't play the other nine or a new course record might have been set.

**KIDDER AND FORTSON ATTEND SHORT COURSE**

Ralph Kidder, associate animal husbandman and Tom Fortson, herdsman, of the Everglades Experiment Station attended the "Beef Cattle Breeding" short course.

LEGAL NOTICE

ers and Herdsman Short Course at the University of Gainesville April 8 through 10. They were accompanied by Mrs. Kidder.

On Thursday Mr. Kidder was on panel of nine men on "Feeding Problems of Beef Cattle." On Friday he was also on the panel "Management of Breeding Herds" of which Dr. T. J. Cunha was chairman.

Speakers were R. A. Willis, Jr., Ben Hill Griffin, C. T. Peters, Louis Galbreath and others.

**ATHLETIC BANQUET SLATED APRIL 23**

All Junior and Seniors who have participated in the athletic field are to be guests at a general athletic banquet to be held at the old high school auditorium Friday, April 23 at 8 p. m. Members of the Athletic Council and cheerleaders are also to be invited.

**BETA SIGMA PHI HEAR BOOK REVIEW**

"Power of Positive Thinking" was the book review presented by Mrs. Douglas Thompson and Mrs. O. G. McWhorter at the regular meeting of the Beta Sigma Phi Sorority at the home of Mrs. Douglas Wooten on Thursday night.

A Quiz program was also conducted by Mrs. J. G. Abbott and Mrs. Louie Kirchman, on the value of physical education in the rituals of jewels degree.

Clayton and Mrs. Dan Beardsley, answering questions.

On April 22, the home of Mrs. Earl Lindrose, there will be a formal invitation service of new pledges and bestowing of rituals of jewels degree.

Hostesses were Mrs. Wooten and Mrs. Frank Anderson.

Others present were Mrs. R. T. Bell, Mrs. C. L. Todd, Milton Campbell, Mrs. E. F. McAllister, Mrs. J. E. Jones, Mrs. Rosa Nash and Mrs. Lorengo Connell.

**GLADES ROADS, BRIDGES**

(Continued from Page One)

Glades is through land owned by the I. I. Board and rented to large farmers in Pahokee. The roads lead from these farmers' fields to the packinghouse. Do any of the rest of you get roads built through your fields making it easy to get to the packinghouse?

We suggest the money allotted to this road be spent resurfacing State Road No. 80 from South Bay eastward to Belle Glade - a lot of folks could benefit.

You may have the impression by now that we think Mr. Johns ought to be continued as Governor.

Your bump of appreciation, we think, reasons the same way. We're getting ROADS AND BRIDGES - not promises.

**REDECORATION PROJECT KEEPS AUXILIARY BUSY**

The regular work meeting of the Women's Auxiliary of the Belle Glade Memorial Hospital was held Tuesday, April 13, with Mrs. Herbert Beck presiding.

The sewing committee which is composed of Mrs. Frank Doyle, Chairman, and Mrs. I. L. Price, Mrs. Victor Mulberg, assisted by Mrs. Thomas Breger and others, has been working diligently with redecoration of the hospital rooms and wards.

To date, draperies for 7 rooms have been completed and hung and 3 bed screens covered.

The pediatric ward, which was the main project for 1954, has been redecorated with curtains, wall plaques and furniture. Mrs. Howard Payne acted as consultant on color scheme, with the hospital furnishing the paint and labor for the project.

## One Bushel Of Earrings— HALF PRICE McCARD'S JEWELRY

## FREE BOOK REVEALS HOW NEW INVENTION HELPS POOR BLOOD CIRCULATION

Special—A sensational new scientific invention helps stimulate blood circulation in the body before it is a habit and blessing to people who suffer from symptoms of poor blood circulation such as painful cramps in their limbs, cold feet, numbness, sleeplessness, and other similar ailments.

This new invention helps even those who have never had a "bad" circulation. It is a revolutionary that it makes old style methods of helping circulation obsolete.

New thousands of people every month had the blessed relief they can at last enjoy thanks to this

remarkable new scientific advance. It also helps firm sagging muscles and aches in the neck, joint and back.

This invention is an exclusive patented device that gives soothing, gentle 2-way action. It is easy and pleasant to use... gives quick, comforting relief. There is nothing like it.

To acquaint newspaper readers about this wonderful new way to help poor circulation, a fascinating booklet with complete facts will be sent free on request. No cost or obligation. Send your request on a post card for Niagara, 21 Johnson Street, Hollywood, Florida.

Seminary Singers To Present Sacred Music

The Seminary Singers of Asbury Theological Seminary, Wilmore, Kentucky, consisting of 31 members, under the direction of Dr. Willard R. Hallman, will present a program of sacred music at 7:30 o'clock, Monday, April 19th in the Community Methodist Church of Belle Glade.

The concert will include a well-balanced program by composers such as Bach, Schubert, Greign and Kopyloff, as well as contemporary composers such as Christiansen, Scholin and Dickinson, and a well selected group of negro spirituals.

There is no admission charge but a freewill offering will be received.

## A Hymn Is Born

BY CLINT BONNER

### Christ, The Lord, Is Risen

A great Easter hymn was forgotten for 50 years

Charles Wesley wrote to many hymns that he was called "The Sweet Bard of Methodism." John Wesley traveled 250,000 miles and preached 40,000 sermons. For 50 years the Wesley brothers worked together. He built a bookstore and wrote table "his library and wrote 233 books on the road. No wonder he preached more sermons than anyone who ever lived. Charles wrote hymns morning, noon and night. One day his horse fell on him and nearly killed him, but his greatest concern was that a score arm caused him to mix a day of hymn writing. When he was courted by 40 he wrote love letters in the form of hymns. When the wedding was over he went home and wrote more hymns. No wonder he wrote 6500.

In 1780 the Wesleys were past three score and ten. Charles was 72. John was 77. John Wesley held his brother's hymns in the highest esteem. He published them in hymn books and pamphlets. But the founders of Methodism were getting old and John wanted to collect the best of Charles' hymns into one great book. In the preface of his famous

Christ, the Lord, is risen today;  
Sons of men and angels say:  
Rouse your joy and triumph high:  
Sing, ye heavens, and earth, reply.

Love's redeeming work is done,  
Fought the fight, the battle won;  
Lo, our Sun's eclipse is o'er,  
And the Moon's eclipse is more.

From the stone, the watch, the seal;  
Gone has hark! the gates of hell;  
Christ hath opened Paradise,  
Gone is our doom, our doom is less.

Lo, again our glorious King,  
Where O, Death, is now thy sting?  
What our souls to save;  
Where's thy victory, boasting Grave?

My righteousness I hold fast,  
And will not let it go; my heart  
Shall not repent me so long as I  
Live—(Job 27:6)

To live righteously may feel him-  
self and others some of the time  
will be cannot for a moment feel  
his conscience which is forever  
within him, speaking in the still  
of the night. He who lives within  
God's presence lives without fear.

Others present were Mrs. Mary Fox, Mrs. Rosa Nash, Mrs. Vernon Dexter, Mrs. O. E. Myers, Mrs. J. A. Pike, Mrs. Mrs. Fields and Mrs. Carl Lockmiller.

The happier man is the busier man, who is far to occupied to have time to feel sorry for himself.

STRIKE BACK AT CANCER

OUTLINE FOR THE INTERNATIONAL UNIFORM SUNDAY SCHOOL LESSON—April 18, 1954

LESSON TOPIC: "The Living Lord"  
SCRIPTURE LESSON—John 20:24-29, 21:15-17  
By Rev. Robert Ford

INTRODUCTION:

In his Gospel John doesn't attempt to present all the story of Christ, but rather to select what he considers to be most important or to put across some particular lesson. He doesn't attempt to give an exhaustive and complete view of the appearances of Christ in the 40 days following the Resurrection. He selects a few important incidents in which Jesus clearly reveals Himself.

Today we consider two of these that John tells us about.

1. THE APPEARANCE OF CHRIST TO THOMAS—John 20:24-29

a. The Doubt Of Thomas—vs. 24-25  
b. The Assurance To Thomas—vs. 26-27  
c. The Faith Of Thomas—vs. 28  
d. The Blessing On The Believers In The Future—vs. 29

THE MOTIVE OF CONTINUING SERVICE—John 21:15-17

Jesus clearly tells us that our acknowledgment of the Risen Lord is not complete until our surrender to Him expresses itself in loving obedience to Him.

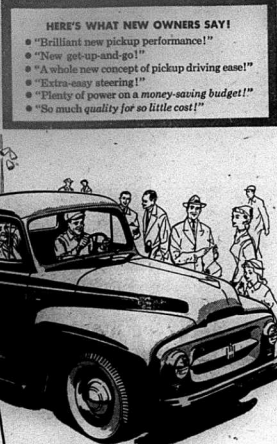

CONCLUSION:

It is not hard to see that others like Thomas find it hard. Christianity offers evidences that are convincing to any and every temperament. Jesus is ever ready to remove any barriers that keep a man from Him. May we be ready to receive the evidence of Thomas and then enjoy his good confession, "My Lord and my God." And as Peter was told, so may we be reminded that Jesus relates love and duty. Duty is the true expression of Christian Love. The issue of the Christian life runs in order: First Christ asks, "Do you love me?" If the answer is yes, we receive His direction, "Do you love me?"

## Easter Solves The Riddle Of Life

by Father John Clarence Petrie

Vicar, St. John the Apostle Episcopal Church

"I reckon that the sufferings of this present time are not worthy to be compared with the glory that shall be revealed in us"—Romans 8:18.

To the unbeliever the world is a meaningless muddle. Thieves prosper while honest men come to grief, courtiers flaunt their infidelities in the eyes of the innocent while much needed mothers die and leave their children behind them. Christ dies in agony on the cross while Pilate and Caiaphas live on. The world has no answer for him who stands mourning at the grave of a dear one. The world itself rolls on to its inevitable end. Then it will have made no difference whether we lived like Christ, or like Judas.

But Easter solves the riddle. Easter gives the answer to every objection. The blackened evil, the most execrating suffering, finds a glorious meaning in the life of the Easter faith. What, someone may ask, shall we say that the hope of immortality can ever make up to those who have been tortured in concentration camps, who have been beaten, starved, and worked to death in labor camps? At first thought we may be inclined to wonder. Could an endless life ever compensate for the agony of those days and years of wretchedness and despair?

Let us try to imagine ourselves in heaven. Let us try with our poor limited faculties to imagine what the vision of God must be like. God the infinite Beauty; God the infinite Truth; God the infinite Goodness. Let Every possible yearning of the human heart for what is lovely and beautiful is here in God's immeasurable fount of infinity. We drink and drink and yet never reach satiety. Every search of human mind for understanding stands before infinite Truth and feeds upon that unfathomable storehouse. Every demand of the human conscience for what is good and just is here met by the unimaginable riches of infinite Goodness. The cry of our hearts for love is answered with the infinite Love of God.

Now let us imagine some victim of the Communist terror whose last years were horror piled upon horror; agony upon agony; until at last death stopped the torture. Ask that victim who now stands in the presence of the absolute Truth, Beauty, Goodness, Love that surpasses all understanding. Ask that soul, "From the perspective of joy that is now yours look back at what you had to go through. Is it worth it? Would you do it again?"

We know the reply. St. Paul put it perfectly when he said, "I reckon that the sufferings of this life are not worthy to be compared with the glory that shall be revealed in us." The person we have been asking would say, "Yes. In the light of my present joy I can say that I would gladly suffer it a thousand times. That is how far this is beyond human comprehension."

Easter holds out the only answer there is to the riddle of life. "Eye hath not seen nor heard the things that God hath prepared for them that love Him."

Not what we give, but what we share, For the gift without the giver is bare.

That is no true saint which hand can hold; He gives only the worthless gold Who gives from a sense of duty.

STRIKE BACK AT CANCER

# OPTIMISM REGARDING BUSINESS AND JOB PROSPECTS IN NATION TURNS UPWARD FOR FIRST TIME IN 13 MONTHS

By Kenneth Fink, Director, Princeton Research Service

Confidence in the nation's business and job prospects is greater today across the U. S. than it was just five weeks ago.

At the present time, a majority of the adult population (52%) expects more or the same amount of business and jobs for the U. S. than it had during the past year or two.

Five weeks ago, 47% of the nation's population expected more or the same amount of business and jobs, a 5% upswing in optimism.

The significance of today's optimistic upswing can be fully appreciated when it is realized that during the period between March, 1953, and five weeks ago, there was a slow but steady decline in optimism regarding business and job prospects on the part of the nation's adult population.

Today's findings mark a halt in this decline.

They also indicate that people across the country are not expecting any serious recession in the very near future.

When United States Poll staff experts asked a representative cross-section of the country's adult citizens:

"How do you feel about business conditions in this state for the next few years? Do you think there'll be more business and more jobs than during the past year or two or less business and fewer jobs?"

These were the results:

**Nationwide**

More or the same amount of business and jobs — 52%

More — 20%

Same — 28%

Less — 43%

No opinion — 5%

Five weeks ago, 47% of the nation's adult population expected more or the same amount of business and jobs; 49% expected less business and fewer jobs; 4% expressed no opinion.

Survey findings also indicate that at least 1 out of every 2 in each section of the country is optimistic about business and job prospects in his own state.

Sentiment by geographical areas:

More or same amount of business and jobs — New England — 50%; Mid-Atlantic — 50%; South — 52%; East-West Central — 50%; Rocky Mt-Pacific 50%.

Less — New England — 41%; Mid-Atlantic — 42%; South — 42%; East-West Central — 42%; Rocky Mt-Pacific 5%.

Here is the trend over the past 16 months:

	More or Same	Less	No Opinion
March, 1953	47%	49%	4%
July, 1953	47%	49%	4%
Sept. 1953	47%	49%	4%
Nov. 1953	47%	49%	4%
Dec. 1953	47%	49%	4%
Jan. 1954	47%	49%	4%
Feb. 1954	47%	49%	4%
March 1954	52%	20%	28%

Since December, 1947, Princeton Research Service has been making periodic measurements on people's outlook on future business and job conditions in various parts of the nation and in the U. S. as a whole.

During that time, there has been a close correlation between the answers people have given and the actual business and job conditions in the areas measured.

Today's United States Poll results in the light of the experience of the past years would indicate that the nation can look forward to business and job prospects at or about the 1950 level (prior to the Korean outbreak) and better than that were in the period between December, 1947, and December, 1949.

At the same time, today's findings do not indicate that business and job conditions will be as good as they were in the period between the outbreak of the Korean War and December, 1953.

The Herald presents the reports of the United States Poll exclusively in this area.

Follow United States Poll reports in this newspaper.

The United States Poll weekly feature is able to render a unique public service to the nation because this newspaper pays for and publishes its findings.

This service is operated by the Princeton Research Service staff of trained reporters. (Copyright, 1954, by Princeton Research Service.)

## NORTHERN FARMERS ARE LOOKING FOR CROP LABOR

Farm Labor Representatives of State Employment Security Agencies of New York, New Jersey, Pennsylvania, Delaware, Maryland, North Carolina and South Carolina will interview crew leaders of migratory farm workers in Belle Glade on April 12 and 13. Interviews will be held at the Florida State Employment Service office, 109 South Main Street, from 9:00 a. m. to 3:00 p. m. on Monday and from 9:00 a. m. to 12 noon on Tuesday, according to A. M. Larrimore, Manager of the Belle Glade office of the Florida State Employment Service.

Larrimore said these interviews are held annually as a cooperative effort between the Florida State Employment Service and the Eastern Seaboard States to plan seasonal work for migratory harvest crews along the Eastern Seaboard in Florida. He emphasized that no workers are cleared out of Florida until the completion of their harvest work. Crews will be directed to areas where they are needed during the summer months until time for fall agricultural activities to begin in Florida.

All crew leaders, labor contractors and group representatives are invited to meet with the representatives, Larrimore stated.

## Everglades Vocational High Wins County Wide Tuberculosis Trophy

The E. V. H. REVIEW, a product of the local Vocational High School, and printed by THE HERALD for them, contained an article in its last issue, "What Do We Know About TB?" written by Mary Thompson and Bernice Pompey, which has been judged "Best in The County" by a committee of the Tuberculosis Association.

Mrs. Ruth L. Shepard, Executive Director, says "The local Association is very proud of the achievement of Everglades Vocational High School. It is commendable that this school takes such an active interest in combating tuberculosis and in learning the basic rules for good health in their community."

"This Annual School Project has two purposes: first it stimulates the interest of students in what is being done and what can be done in their own communities to fight TB; second it promotes good journalism by providing students with an opportunity to conduct an editorial campaign on a subject of primary importance to the community."

The local committee of the Tuberculosis Association who judged the entries of the five schools in Palm Beach County were, Mrs. James L. Waugh, Miss Ruth Ranson and Mr. Lowery Davis.

Arrangements will be made for appropriate ceremonies when a beautiful plaque will be presented to Everglades Vocational High for this honor. It was a three year plaque which was won for 1951 by Seacrest High School, 1952 by Lake Worth High School and now this year by Everglades Vocational High School which will be allowed to keep the plaque permanently.

## WHAT DO WE KNOW ABOUT TB?

Mary Thompson and Bernice Pompey

DO WE KNOW THE FACTS? Everyone should learn the facts about tuberculosis in order to protect his family, friends, and community.

Tuberculosis is a major communicable disease but it usually is cured if it is trapped in time. TB is also an infectious disease. It isn't inherited; you aren't born with it. You catch TB from someone who has it in one of three ways:

1. By breathing air with TB germs in it. The person who has active TB.

2. By kissing someone who has active TB.

3. By putting into your mouth things which were not sterilized after being used by someone who has active TB.

Early tuberculosis usually has no symptoms, therefore, when found early, TB can almost always be cured. Yearly chest X-Rays are the best way to find TB in the early stage. In advance TB, symptoms appear such as, fatigue, loss of appetite, and weight, frequent colds, chronic cough, fever, indigestion, night sweats, and spitting up of blood.

In 1951, T.B. killed more Americans than all other infectious diseases combined. T.B. killed 65 percent of the Americans who died from infectious diseases. These people did not have to die. The tragedy of TB is not shown by death rates alone. In order to prevent TB, every one must work together: the general public, private physicians, official agencies, voluntary agencies, and other groups.

A broad tuberculosis control program includes:

1. Teaching the public the facts about TB and interesting the people in doing something about TB.

2. Improving living conditions and general health.

3. Finding the person with TB early, treating him, curing him, and thus preventing the spread of TB. Rehabilitating the patient; helping him to return to happy, useful living.

## Do We Tell Others What We Know?

Every individual should make himself a committee of one to help fight TB. By teaching the facts about TB and what can be done if they contact TB. People know about Tuberculosis long before they know it was caused by a germ. Today we know that T.B. is catching and spreads from person to person.

We can fight ignorance among people who believe that TB is inherited and can't be cured; by telling others how TB works, advising them to see a doctor at least once a year, and get an X-Ray once a year. By doing X-Ray once a year, you can help make your community a healthful place in which to live.

## What Can We Do To Help?

Each year more people have spent their pennies for Christmas Seals. These pennies have grown into millions of dollars. Over the years these dollars

the 4th high set. The team also had a perfect attendance record bowling 29 weeks straight and not one of the team missing a single game.

In the annual West Palm Beach Women's Bowling Association, which came to a close this past week, Evelyn McKee and Pat Snyder bowled 1071 in the doubles for third place and Pat Snyder came in 5th place in the singles with 573.

If we know the facts about TB, help prevent others from catching TB, and donate our contributions, we can wipe out the tuberculosis disease.

You have read our article, now answer these questions: What do I know about TB? Do I tell others what I know? What can I do to help?

You have answered the questions, now get busy! Do something! Help fight TB!

## LOCAL GROUP ATTEND JR. RED CROSS MEET

"What the Junior Red Cross Means" was the topic of Dr. Frank C. Jenkins, director of the Junior Red Cross of the Southeastern States, at a Junior Red Cross meeting recently held in West Palm Beach.

There were representatives of 15 schools to hear the talk. Following the address, the Palm Beach Public School presented a play, "What the Junior Red Cross Means To Me."

Attending from Belle Glade were Jane Norris, president of county Junior Red Cross, also Mary Claire Criden, Louis Friedheim, Doris Burke and Connie Perkins.

## GRABERS PLACE THIRD WINNING 71 GAMES

Graber Farms Bowling team placed third in the County League Tournament which started in September and closed last Wednesday night. They took 2 points from Gunderson Furniture Co. with Evelyn McKee winning high set 508 and high game 184 on the team.

Following is listed games lost and won: Lowery Carpet, won 81, lost 12; Grabers, won 71, lost 18; Brandoms Transfer won 57 lost 30; Boulevard Grocery won 47, lost 40; Gunderson Furniture won 41, lost 46; Web Electric won 31, lost 56.

Graber farms made a very good showing. They had second high game of the league and

## "YOURS FOR A PROSPEROUS FLORIDA"

**WILBUR C. KING**

Candidate for Re-election to the Florida Railroad and Public Utilities Commission

"Thank you for your faith and confidence in me during my service in this office. The work and support of my friends in my campaign for re-election are sincerely appreciated. As citizens everywhere say this Commission is doing a fine job for Florida. In regulating railroads, electric power and gas services, telephone and telegraph, truck and bus lines, taxicabs, over the highways and ferry boats. I have the satisfaction of knowing that by keeping pace with its growth and by giving to its citizens the best service possible, I hope to continue to serve our loved state and its progressive citizens."

terior to improve the appearance of the room; 5. A movable, and adjustable bulletin board; 6. And most of all, the services of a full time librarian (Utopia).  
Many of these things will not be forth coming in the near future but they represent our goals and plans for the future.  
A new shipment of books has recently been added to the collection. While they were being prepared for the children's use, a "coming attractions" bulletin board display of book jackets was made by Mrs. Spore's sixth grade. Another bulletin board in the entrance hall announced that each of these books had a proper place on the library shelf according to the subject matter of the book. Even the little tots have learned that the B books are all grouped together.

Further interest was created in these books by a book display. All new books were displayed on library tables. Each table was labeled to show to what classification the books belonged. Particular interest was shown in the science stories, biographies and "E" books. After classes had had an opportunity to view the display the books were placed on the shelves.  
It was almost impossible to curb the excitement and conversation when the first classes came in to check out these new books.  
It was a thrilling sight to see their enthusiasm. It would have relieved all anxieties about the younger generation losing all interest in books for television, etc., if you could have seen the first rush — (almost stampede) to get the first chance at these new books.

It was a thrilling sight to see their enthusiasm. It would have relieved all anxieties about the younger generation losing all interest in books for television, etc., if you could have seen the first rush — (almost stampede) to get the first chance at these new books.

**COUNTY TO HAVE A HEART CLINIC**

Dr. Alvin E. Murphy, President Elect of the Florida Heart Association and a member of the Executive Board of the Heart Association of Palm Beach County, and Dr. Sidney Davidson, Director of the Florida Heart Association and also a member of the Executive Committee, attended a State meeting of the Florida Heart Association in St. Petersburg

April 10 and 11th.  
The organization of a Cardiac Clinic for Palm Beach was a matter fully discussed by the State Board and it was the opinion of this body that Palm Beach County was the logical area for the clinic to be established.  
The Clinic will greatly enhance the program of the Heart Association of Palm Beach County and will meet a great need of the County Medical Society members. In having our County selected for this Cardiac Clinic, the Heart Association of Palm Beach County is fulfilling the aims of its Educational Program.

The people of the County, by their overwhelming response to the 1954 Heart Fund have established in all our minds their interest in advancing the Heart Association work. The Cardiac Clinic is the next step forward.

We are all proud of this action and will work to get the clinic functioning in the shortest possible time, but such a step takes time," stated Dr. Davidson when commenting.  
Dr. Murphy said, "This step in the Heart Association activities in Palm Beach County is outstanding and we are happy to be playing such an important part in the organization of a Cardiac Clinic."

**BG MOTHERS ATTEND ROSARIAN ASSN. MEET**

**New strength and stamina!**  
**Lower upkeep costs!**

**New Chevrolet Trucks...**  
**do more work per day... more work per dollar!**

**You save hours on the road.** Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.  
**You save time on deliveries.** With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clunking and shifting for good! It's optional at extra cost on 3/4-, 1- and 1-ton Chevrolet trucks.  
**You save extra trips.** That's because the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.  
**You save with lower upkeep.** Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.  
**You save on operating costs.** New power saves you money every mile! The "Thrillmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy. And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.  
**Come in and see all the wonderful new things you get in America's number one truck.** We'll be glad to give you all the money-saving facts.

### SOUTH BAY BEAN CITY LAKE HARBOR

Kenneth L. Warren is taking a 16 weeks welding course at Hobart Welding School in Troy, Ohio.

Mrs. Luther Martin has returned to her home convalescent from a recent illness and treatment at the Belle Glade Memorial Hospital.

Alton Goodbread accompanied Harold Sellers to Savannah, Ga. over the weekend to bring the latter's family and household furniture to South Bay. They are occupying one of the Dawson cottages.

Mr. and Mrs. R. A. Hall and family were called to Stuart last week by the death of her brother, Allen Armstrong, age 39, who died on April 7. Services and burial were on Saturday, April 10. Mrs. Hall's father, also of Stuart while working for the County Road Department mowing grass along the highway, was accidentally

struck by a car. He was hospitalized for several days with shock and bruises but is able to be out again now.

Mrs. Clayton Waters and infant daughter, Eve are recovering from recent severe cold and sore throats.

Miss Ann Driggers left Wednesday afternoon for Fort Myers where she will be the house guest of her brother and sister-in-law, Mr. and Mrs. Jesse Driggers, until Sunday.

Mr. and Mrs. G. D. Reed have returned home from a month's visit among old friends in Louisiana.

Mrs. Lessie Martin of South Bay Elementary, Mr. and Mrs. John Monroe, Belle Glade band master, attended the F.E.A. at Miami the last of the week.

Mr. and Mrs. O. D. Martin had as recent guests her parents, and brother from Georgia.

Mrs. Harry Wilson and two sons of Miami visited Mrs. A. B. Barnes' home from Okeechobee, where they had

been visiting relatives. She is employed in the Miami post-office.

Mr. and Mrs. P. D. Crichtfield of Sebring, her brother and sister-in-law, Mr. and Mrs. W. G. Moss of Gordon, Nebraska, were the Sunday guests of Mr. and Mrs. C. E. Crichtfield.

Mrs. Ralph Goodbread left recently to join her husband, S. S. Ralph Goodbread at his station near Saute Ste. Marie, Michigan. She planned to visit her parents in Georgia enroute north.

The South Bay Schools will close Wednesday for the Easter Holiday, resuming work on Monday following Easter Sunday.

Mr. and Mrs. Sidney Winoker and Robert D. Rusca of Alpha visited the former's cousins, Mr. and Mrs. T. L. Driggers on Wednesday and again on Saturday. They attended the FEA Convention in Miami Thursday to Saturday. Winoker is principal of the elementary school, Mrs. Winoker is third grade teacher and Rusca is hand master in the Alpha School.

Mrs. James Grant of Naples visited her father, J. P. Prevatt in Bean City recently.

Mr. and Mrs. J. H. Hawkins, son John, of Miami, Mr. and Mrs. W. P. Martin and family of Fort Myers were the weekend guests of Mr. and Mrs. O. H. Martin.

Raymond Martin, who reported at Fort Jackson, S. C. last week for induction into the armed forces has been transferred to Camp Gordon, Ga. for assignment.

Mrs. K. L. Warren is employed in a Beauty Parlor in Clewiston. Mrs. E. R. Mackey is keeping her little granddaughter, Barbara, during her daughter's business hours.

**WIENER ROAST TONITE  
FOR FIDELIS CLASS**

The Fidelis Class met at the home of Mrs. James Jackson at the South Shore Plantation Friday evening in their regular monthly business and social session.

Their project for the year is to furnish their Sunday School classroom in the new Baptist Church now under construction. Teachers: Mrs. Wanda Prevatt, Mrs. Helen McKinley, Mrs. John Cooper, Mrs. Opal Van Zant, Mrs. Mabel Prevatt, Margaret Hall, Mrs. Grace Woodham, Mrs. Lee Williams.

The class will entertain their husbands at a wiener roast and social Friday at the home of Mr. and Mrs. Frank Prevatt.

**7th BIRTHDAY PARTY  
FOR LARRY BOWEN**

Mrs. J. C. Bowen entertained at a children's party Friday afternoon, honoring her son, Larry on his 7th birthday.

The children were entertained with indoor games. Refreshments were served to Janet Crichtfield, Susan Allen, Linda Miller, Gladys Messer, Norma and Gladys Dalrymple, Johanne Thomas Register, David Nessey, Vicki Chalfancin, Sharon Roberts, Eazel Yoda, Wayne Partain, Bertram and Bryant Davis Dick and Doris Willis, John Brown Evans, Edwin Walker, Rita Leathlean, Billy Ferguson, Cary Wall, Jimmie Welch, Buddy Goodbread, John Lee and Rickie Henderson, Pat, Jill and Larry Bowen.

**LINDA LEATHLEAN  
BIRTHDAY PARTY**

Linda Leathlean was honored on her eleventh birthday at a party given by her mother, Mrs. E. J. Leathlean at their home. The children played indoor games on account of inclement weather.

Refreshments were in the form of a wiener roast. Those attending were Joyce, Patricia and Judy Cato of Lake Harbor, June Boatwright, Genie Crichtfield, Gail and Zella Martin, Linda and Sharon Wilder, Teresa, Alice, Cherry and Mildred McDonald, Linda, Bernice, Wilhel, Rita and Eddie Leathlean.

**CLAY INFELD BEING  
PREPARED BY LIONS  
ON SOFTBALL GROUND**

The Lions Club sent several trucks, donated by civic minded local individuals to Lake Placid Saturday, which brought back the clay to make a clay infield for the softball diamond on the Jeffries Memorial Park in preparation for the start of the summer softball season. Both men's and women's teams are formed during the summer and play in competition with Glades and east coast teams.

### Congressman Rogers' Newspaper Poll On National Questions

1. Do you favor a flexible support farm program rather than the present 80% parity price support? Yes 93 No 7
  2. (a) Do you favor amending the Social Security law as recommended by President Eisenhower (that is, extending the coverage to some additional 10,500,000 individuals not now covered)? Yes 76 No 24
  - (b) Raising the base on which taxes are paid from \$3600 to \$4200 a year? Yes 66 No 34
  - (c) The program to include self-employed, farmers, professional men and other smaller groups? Yes 72 No 28
  - (d) A raise in the minimum and maximum amounts which may be paid under Social Security? Yes 74 No 26
  3. Do you favor wire tapping as a means of obtaining evidence to be used against criminals to protect the national security and safety in case of espionage, sabotage and treason? Yes 88 No 12
  4. President Eisenhower appointed a commission composed of representatives of Labor, Business and the Public to study and report on salaries for Federal Judges and Members of Congress. This Commission recommended that salaries be increased by \$12,500. Do you favor this recommendation? Yes 44 No 56
  5. If not, what salary increase would you recommend? SEE NOTE BELOW
  6. Do you favor submitting a Constitutional Amendment to the States granting 18 years olds the right to vote? Yes 44 No 56
  7. Do you favor Legislation authorizing the United States to join with Canada in constructing the St. Lawrence Seaway at an initial cost of \$105,000,000? Yes 79 No 21
  8. If a Foreign Aid and Assistance program is continued to the European Nations Congress will have to vote appropriations therefor. There are three phases to this program. (a) Economic Assistance Yes 30 No 70 (b) Military Assistance Yes 51 No 49 (c) Technical Assistance Yes 82 No
  9. President Eisenhower has recommended Legislation establishing re-insurance service by the Government permitting private and non-profit insurance companies to provide broader protection in the way of health and hospital assistance. Do you favor this Legislation? Yes 69 No 31
  10. Do you favor Legislation defining Communism and the Communist Party and providing that all members of such party shall be treated as having renounced their allegiance to the United States and as having lost their citizenship? Yes 90 No 10
  11. Do you favor an increase in Postal Rates on first class mail to (a) Four Cents? Yes 43 No 57 (b) Airmail to Seven Cents? Yes 49 No 51
- Note: 60% of those voting "no" voted for an average increase of \$8,000.

### V. HENDERSON ELECTED NEW LEGION COMMANDER

The American Legion Post No. 161 elected officers at their last session on April 6. Commander, Vernon Henderson; 1st vice-commander, Frank Wilson; 2nd vice-commander, Sam Henderson; Chaplain, Eric Hartline; Finance Officer, Rollin O. Plank; Sergeant-at-Arms, Hock Cooper; historian, Jack Mathewson; Adjutant, J. K.

Davis. They voted to put on a fried chicken supper on Thursday April 15 at the Legion Hall to which the public be invited and proceeds to go toward the building fund. Serving will start at 6 o'clock and continue until all have been served. A building committee was appointed to supervise the finishing of the interior of the Legion Hall. The ceiling will be of knotty pine and the sidewalls

plastered. The committee consists of J. C. Bowen, Vernon Henderson and Hock Cooper.

### LEGION AUXILIARY STATE CONVENTION IS MAY 19-23

The Legion Auxiliary met at the Legion Hall Monday evening.

Announcement was made that the State Convention at St. Petersburg would be on May 19-23 instead of as previously announced. Mrs. Rollin Plank, president elect will attend as delegate.

The sum of \$10 was set aside as donation to the Crippled Children's Hospital. \$14.40 or 10% of the local poppy day sales, was ordered forwarded to the Department of Florida.

The corresponding secretary was authorized to write letters of appreciation to Mrs. Arthur Smadbeck, president of the Heckscher Foundation for Children, to express the appreciation of the child welfare department for the very liberal donation of playground equipment for the Jeffries Memorial Recreational Park. Also one of Mr. and Mrs. Floyd Wilder for their single minded civic efforts in interesting Mrs. Smadbeck in the project and securing the donation for the park and the children.

Mrs. W. C. Allen, ninth district president, was the guest speaker. She discussed the importance of the state convention to the local posts and units. Refreshments consisting of sandwiches, brownies and coffee were served at the close of the meeting by Mrs. Vernon Henderson and Mrs. Rollin Plank.

### CITIZENSHIP LEAGUE MEETING POSTPONED

The Good Citizenship League, scheduled to meet on Sunday, April 18, will postpone the meeting one week on account of Easter and will assemble at the Canal Point Baptist Church on Sunday, April 25 at 3 o'clock.

A motion picture, "Out of the Night" will be shown as a part of the program for the afternoon.

All persons interested in good citizenship are cordially invited to attend.

### BAPTIST YOUTH WEEK BEGINNS EASTERN SUNDAY

Youth Week at the South Bay Baptist Church will start on Easter Sunday at Sunday School. Training Union and the Evening Worship Service. A study course will follow Monday through Thursday evening given by Rev. Joe Clements, pastor of the Canal Point Baptist Church. Friday evening

the young people of the church will enjoy their annual Youth Banquet.

Tony Woodham will be the pastor for Youth Week. Jim Conway will be Sunday School Superintendent, Johnnie Prevatt will be Training Union Director and Tommy Johnson music director.

### BAPTIST BROTHERHOOD HOSTS AT FISH DINNER

The Brotherhood of the Baptist Church put on their Father and Son program at a fish fry Thursday evening. Mrs. John Cooper, Mrs. Marvin Miller and Mrs. Jesse Barnes prepared and served the supper.

A regular program for the occasion followed.

Those present were W. C. Allen and Clifford, A. B. Barnes and grandson Billy Miller, M. J. Hardy and Wendell Rhodes, James Jackson and Billy, R. B. Woodham and Tony, W. E. Clements and Ray, J. P. Hovas and Johnny Prevatt, William Elliot, Clarence Hall and Rev. John Cooper.

James Monroe was President of the U. S. when Florida was purchased from Spain.

## Outdoor Florida

"VARIETY IS THE SPICE OF LIFE" — Shakespeare.

This column will be about coffee. Will coffee grown in Florida? Is the South American coffee grower getting a fair share of the present high retail price of coffee? Is the coffee grower doing better, for instance, than the Florida grapefruit grower? These and other questions will now be answered.

Year	Price per lb. at Santos 1/2	Price per lb. at Santos 2/2	New York price per lb. at Santos 1/2
1953			
January	41.5	49.2	52.0
February	41.5	49.2	52.0
March	41.5	49.1	51.5
April	41.5	48.5	51.5
May	41.5	48.5	52.0
June	41.5	48.5	52.0
July	41.5	48.5	52.0
August	41.5	48.5	52.0

October	41.5	48.5	52.0
November	41.5	48.5	52.0
December	41.5	48.5	52.0
1952			
January	41.5	48.5	52.0
February	41.5	48.5	52.0
March	41.5	48.5	52.0
April	41.5	48.5	52.0
May	41.5	48.5	52.0

Yes, coffee will grow in Florida, but not very well. I once bought some coffee "trees" from a nursery south of Sarasota and the nursery had plenty of them on hand. At Boynton-Delany some few people grow their own coffee during coffee-raising days, but complained of the flavor. And it appears that the coffee growers ARE getting their fair share of the present price of coffee!

Some figures accompany this column showing what coffee growers actually get. They got 44c to 48c per pound in Brazil at the last check! This is nearly half.

Much interesting coffee data is furnished me by Mr. Quincy Ewing, chief of the current information branch of the U. S. Department of Agriculture, including a tabulation showing the prices received by Brazilian coffee farmers for the first half of 1953, the first figures available. "You will note that the trend of prices was slightly upward in the first half of 1953, and while we do not have the dates for the complete year it may be assumed that the higher level was maintained, or even increased slightly in the last half of the year," Mr. Ewing states.

This tabulation also shows the price received at Santos for coffee shipped from the interior for exportation, and of these price statistics it may be stated that the prices received by the Brazilian farmers are approximately the same as those received by the producers in Columbia and are parallel to those paid to coffee growers of the

entire Latin American producing area, with possibly some small exceptions. One such exception might be the Republic of Haiti where coffee growing is on a more primitive scale and the planters are of the type. In other words, the coffee is produced on a more isolated tree-to-tree basis and the planters are more or less self-employed. Only a relatively negligible amount of world coffee supply is produced in Haiti.

"We note you mention of your intention of planting a few coffee trees in Florida. For your interest the Department's Bureau of Plant Industry, in response to inquiries as to the feasibility of the growing of coffee in the United States, has had this to say:

"The coffee tree of commerce and all of its close relatives which might be used for breeding require tropical or warm sub-tropical temperatures for flower and fruit. Extensive trials made over the past 50 years by the Department's plant introduction specialists show that in a limited area south of Miami, Florida, as well as in protected spots along the Pacific Coast of southern California. Occasional crops of fruit are produced in these areas but sporadically that the possibility of commercial production in the United States has never been given serious consideration. Even if trees fruited well in the United States, the higher cost of production would probably make such domestically grown coffee more expensive than coffee now imported."

"No breeding work of any kind has been done with coffee in the United States. There are a few known types of coffee with cold resistance which might be used in breeding programs to develop strains which could be grown commercially in the United States. Although coffee is not a crop feasible for our growers, we are the largest consumer of its product. Since the price of coffee is dependent on the south of the crop and in economy of production, the Department's Agricultural Research Service offers advice and technical assistance wherever possible to the producing countries."

### GC HEAR HIGHLIGHTS OF STATE FLOWER SHOW

A highly interesting program featuring the highlights of the Annual Florida Federation State Convention of Garden Clubs held in Orlando March 20-April 1 was given by the delegates of the local Garden Club at their monthly meeting at the club house April 8.

Delegates reporting were: Mrs. Roy Bair, who placed emphasis on the work of the Junior gardeners; Mrs. Irvin Zump, newly elected president of the club; stressed the duties of "Madam Chairman"; Mrs. Lonnie Warren urged the cooperation of all Garden Club members in the conservation of our express ways and the life living therein.

Mrs. Luther Jones, an alternate to the convention and Mrs. A. F. Hopson related interesting experiences in their duties as judges and clerks at the Flower Show in Orlando. Mrs. Jones served in the horticulture division and Mrs. Hopson in the artistic arrangement division.

Plans were discussed for placing of floral arrangements in the local churches during National Garden Week, April 11-25.

Mrs. J. F. Browne was appointed to make contact with the church groups as to the day preferred.

Mrs. Della Altman, Mrs. W. J. Rawls and Mrs. Lonnie Warren were appointed to make arrangements for the annual "Wild Flower Study" field trip and picnic on April 27.

In the contest, arrangement for a Holiday, Mrs. Roy Bair won first place with a "Fourth of July Theme"; Mrs. George Farnall, 2nd with "Good Friday Theme"; Mrs. L. W. Jones, 3rd with Easter theme.

Specimen: Amariyllis — Mrs. L. W. Jones, 1st; Mrs. Irvin Zump, 2nd; and Mrs. George Farnall, 3rd.

Hostesses were Mrs. W. J. Rawls and Mrs. Irvin Zump. Others present were Mrs. Roy Schrons, Mrs. Charles Beck, West Palm Beach, Mrs. Frank Friend, Palm Beach, Mrs. C. J. Aspey, Mrs. Herbert Beck, Mrs. J. P. Halbrook, Jr., George Wedgworth and Miss Margaret West.

### NEW MARINE RESERVE UNIT IN WEST PALM

Word has been received from Washington that a new Marine Reserve unit is to be formed in South Florida. It will be the 99th Special Infantry Company, which will be organized at West Palm Beach the near future.

The West Palm Beach outfit will be the fourth Marine Reserve ground outfit in Florida. The other two are at Tampa and Orlando.

Scheduled to hold its meetings in the Navy and Marine Corps Reserve Training Center, Riviera Beach, the new Leatherneck outfit has been allocated \$13,000 for converting the present naval reserve training center into a joint training center.

Initial authorized strength of the 99th Special Infantry Company, USMC, will be 2 officers and 138 enlisted men. Many of these men are presently members of Miami's Second 155MM Gun Battalion, who will transfer to the new unit when it is formed. Among these is Major James J. Mott, city manager of West Palm Beach.

Major Mott said that there are at least 70 vacancies in the new outfit, but that many Palm Beach, Broward, Martin County and Lake Okechobee area men have stated an interest in the new outfit. However, any men between 17 and 32, who are interested, may contact him or Sergeant Charles E. Creel, 2756 Georgia Avenue, telephone 8A-7144.

### PRIVATE AUTOS BRING MAJORITY OF WINTER VISITORS TO FLORIDA

Fifty-five percent of the tourists who visited Florida in 1953 came by private automobile, 7 percent more than in 1952.

An estimated 5,100,000 tourists came to Florida during the past calendar year, the Florida State Chamber of Commerce reported yesterday. Of these, some 2,802,000 came by private passenger car.

Railroads, the second largest carrier in this respect, brought 974,000 (19 percent, \$55,880) came by bus (16.8 percent) and 469,200 (9.2 percent) used the airlines. Less than one percent arrived by boat, not reported.

These totals refer only to tourists and by no means represent total traffic loads of the various transportation lines. The 5,100,000 tourists visiting the state last year contributed \$220,000,000 to the income of Floridians. This amount is approximately one-third of the income of the people of Florida derived from private sources (that is, exclusive of government salaries and public benefit payments).

Tourism is the largest single source of income of Floridians. Expenditures by them are considerably larger than the \$930,000,000 which remains in Florida as income.

Florida's summer tourism during June, July and August accounts for about one-fourth (or 1,275,000) of the annual annual number of visitors and approximately one-fifth (or 1,186,000) of the income from tourism.

### HOUSE PASSES BILL

(Continued on Page 6)

community except may be pumps and engines, which are now deductible on a depreciation basis.

The report follows: Soil and water conservation expenditures (see 175) Under present law expenditures made by farmers to improve their land are generally required to be capitalized rather than being deducted as current expenses. The capitalized expenditures increase the farmer's tax basis for the land and since land is not depreciable, are recoverable for tax purposes only upon sale of the land. However, there has been some confusion under present law about the deductibility of such expenditures since the Tax Court has held that substantial expenditures for the terracing of farms may be regarded as maintenance costs and, hence, be deducted as current expense.

Your committee has adopted a provision which permits farmers to elect to expense, rather than capitalize, expenditures for soil and water conservation, including the expenditures for the prevention of land erosion. The deductions for soil and water expenditures for any 1 year are limited, however, to 2 percent of the gross income derived from farming. In any year in which actual expenditures of this type are more than the maximum deduction permitted, the excess of these expenditures may be carried over to the following year and will be considered the first expenditures made in that year.

If the carry-over plus similar expenditures actually made in the second year exceed the maximum allowable deduction, the balance of soil and water conservation expenditures may be carried over to subsequent years to be deducted subject to the annual limit of 2 percent of gross income from farming.

The deduction for soil and water conservation expenditures is also limited to land which, prior to or at the same time as the expenditures for soil and water conservation are made, was or is used in farming.

Taxpayers must decide whether they are going to expense soil and water conservation expenditures in the first year after 1953 in which they have such expenditures and must continue this policy with respect to subsequent similar expenditures unless they receive permission from the Secretary or his delegate to make a change.

Expenditures for soil and water conservation mean expenditures for treatment or moving of earth. These expenditures include, but are not limited to, leveling, grading, and terracing; contour furrowing; construction of diversion channels and drainage ditches; control and protection of watercourses and ponds; eradication of brush; and planting of windbreaks. These expenditures do not include the purchase or construction of facilities, appliances, and structures subject to allowance for depreciation.

In addition to clarifying existing tax treatment of soil and water conservation expenditures, the provision adopted by your committee is designed to encourage sound conservation practices. The 25-percent limitation will relate the expensing of capital costs to farm income and will prevent current deduction for substantial investments in farm lands of funds obtained from sources other than farming.

The reduction in revenues resulting from this provision in the fiscal year 1955 is estimated to be \$10 million.

### STAIRWAY TO STARS

(Continued from Page One)

with a white picket fence, yellow roses, fern and Spanish moss, star shaped pool and love birds. Graceland palms surrounded the entire park. The blue stage curtains with silver stars formed the background of the silver stairway, from which a walk way led the length of the park.

The juniors led the grand march followed by the seniors, followed by multiplication dance. Ann Henderson sang "Starburst" Glenda Dell and

Suzanne Forsee played a Jamaican Rumba: "Loveliest Night of the Year," and "I Told Every Little Star," song by Joanne Holladay, Dorothy Breslar and Ann Henderson; "Would You Like To Swing On A Star," song by Gever, Baillet, by Martha Lynn Brent; a solo by Dalton Harrison. The dance music was furnished by the "Blue Note Orchestra" from Lake Worth.

Prior to the prom the banquet was held in the old high school auditorium. The tables were in an E shape and were decorated with yellow roses and lighted tapers. Eight couples from the sophomore class were guests, serving at the banquet.

Frank Holcomb, principal introduced the guests, Mrs. Hazel Litchfield and Bill Nicolson were sponsors and Claudia Harel, toastmistress, with Howell

Watkins giving the invocation. The program was completed with a Walter Minsky, Douglas Connelton, Esther Greer, Ann Henderson and Don Crosby participating.

"A Wing-Ding" sponsored by the Rotary Club following the prom included a mid-nite movie and magazine sales, were used at the Hugo Theatre and at The

Bend hamburger, French fries and Coke for each student. The Juniors are to be complimented on the work and efforts in the decorations, etc. Proceeds from the football booth at the fair, the School paper, the Rampage, edited by the juniors prom included a mid-nite movie and magazine sales, were used at the Hugo Theatre and at The

# IS THE REPRODUCTION OUTMODED?

At this time each year a small group of sincere, hard-working patriotic citizens who have elected as Representatives and Senators to the Congress are spending long hours in determining how the funds available to the Federal Government shall be apportioned among its various branches. I refer, of course, to the Appropriations Committee of the House and Senate. The measure of their task is beyond comprehension, just as are the budgetary figures with which they deal.

The budget transmitted by the President on January 21st for fiscal year 1955 totals \$55.6 billion dollars. Of this amount, \$6.3 billion dollars are recommended for new appropriations this year and 9.3 billions represent sums made available by previous Congresses for expenditure in the year ahead. The figures and the data which support them fill a book of over 1300 pages and of a size and thickness comparable to the telephone directories of our largest cities.

Some 34 billions of dollars, or more than 60 percent of the total of new appropriations, are allotted for National Security. These estimates are based on the so-called "New Look" with

its projected 137 air wings, its 40,000 operative aircraft (half of which will be jet-propelled), its nuclear bombs, its atomic weapons, its guided missiles and all the other accepted and experimental weapons of modern warfare.

Tucked away among the eleven billion dollars required for the Air Force, the ten billion for the Navy, and the eight billion for the Army, is one lone item of \$100,000 titled "National Board for the Promotion of Rifle Practice, Army." In these words of the budget, this is the sum recommended "For necessary expenses of construction, equipment and maintenance of rifle ranges, the instruction of citizens in marksmanship, and promotion of rifle practice." Act of August 29, 1916 (40 Stat. 643).

It is beside the point that this amount obviously is insufficient to carry out these many tasks. The disturbing factor is that there will be some individuals in the ranks of the Armed Forces, who will question the amount whatever for these purposes. I can hear them now: "In view of the 'New Look' and the new weapons, is it really necessary to instruct our citizens in marksmanship?"

In this atomic age, how much protection will a rifle be anyway? In spite of these skeptics, the very nature of the new weapons of war will enhance rather than diminish the value of the rifle. Atomic artillery and guided missiles will mean greater dispersion on the battlefield. Armored forces, airborne attacks, and the inevitable guerrilla activities of future wars will post a constant threat to area installations of former days. Subversive groups, fifth-columnists, and just plain traitors will thrive in the confusion resulting from a thermo-nuclear attack on any one of our major cities.

More than ever before, the individual soldier and the individual villager will be forced to rely on the weapon with which he is armed, and on his own ability to use it effectively, if he is to survive.

I am not alone in these opinions. Less than six months ago, General Matthew B. Ridgway, Chief of Staff, United States Army, said:

"The striking technological advances of the past 150 years, which have profoundly enlarged the scope and scale of warfare, have in no way diminished the importance of the human being in battle. Rather they have increased his importance and while subjecting him to greater hazards have placed greater demands upon him."

And another great soldier, General Jacob L. Devers, then Chief of Army Field Forces, said in this October, 1948: "Increased fire power of opposing armies, and new weapons have done one thing to the infantryman, and to all other ground troops. It has forced wider dispersion, and wider dispersion demands better training of the individual. It has made it more necessary than ever that he be so certain of his ability to take care of himself with his personal weapons that he will not lose touch with the value of the need on either side of him."

But the fighting in the next major war may not be confined to the battlefield alone. It is entirely possible that our home land may be attacked; that never again will it be secure from the horrors of bombing and assault. It is equally important, therefore, that the civilians who stay at home, employed in industry or tilling the soil, should be trained in the use of personal firearms. The chaos that would result from an atomic attack would place on all of our citizens a greater call for independence of thought and action, and greater need for self-reliance, than at any time in the history of our country.

No — the 'New Look' has not destroyed the value or the need of instructing our citizens in marksmanship. In the final analysis, the wars of the future as those of the past will be resolved by man against man. If we should come, the ability to handle a weapon effectively will mean more to you, to your son or to your brother — perhaps even to your wife or sister — than any other single accomplishment. It may well be the difference between life and death.

It is the Washington Post with the musket that stood the Minute Man at Concord in such good stead. Our country was won by stock-raising men with firearms in their hands. It is indeed conceivable that the continued existence of our country, some day in the future, depend again upon stock-hearted men armed with rifles and with the ability to use them. That is why we should see to it that every citizen is taught the essentials of basic marksmanship. The National Board for the Promotion of Rifle Practice was created by Congress for that purpose. Let us provide it with sufficient funds to do the job.

## STATE RENEWS EIGHT 4-H NATIONAL PROGRAMS WITH \$18,600 IN SCHOLARSHIPS

Eight 1954 National 4-H awards programs, in which a total of 62 college scholarships valued at \$18,600.00 will be awarded to the highest rating winners, have been accepted by the State Extension Service. The programs, number of \$300.00 national scholarships, and award donors are: Achievement, 12, Ford Motor Co.; Canine, 6, Kerr Glass; Farm and Home Electric, 6, Westinghouse Educational Foundation; Food Preparation, 8, Kelvintor; Girls Record, 6, Montgomery Ward; Health, 8, Kellogg Co.; Battle Creek, Mich.; Home Improvement, 8, Sears-Roebuck Foundation; and Safety, 8, General Motors.

County awards in the programs have been increased to four gold-filled medals of honor, with the exception of Food Preparation and Girls' Record, which offer one each.

State awards remain the same in 1954. Each boy and girl state winner in the 4-H Achievement program will receive a set of two miniature statuettes, and state winners in the other seven programs will be awarded an all-expense trip to the annual Club Congress in Chicago. The member of sectional trips to the Chicago Congress offered in the Achievement activity have been increased from 16 to 24. Each state winner in the above programs will be awarded a certificate of honor, as well as four 4-H Clubs in each county in the Safety program.

These national 4-H programs are all directed by the Cooperative Extension Service.

Successful is the man who can get plenty of money without letting money get him. Some folks make a specialty of getting into trouble.

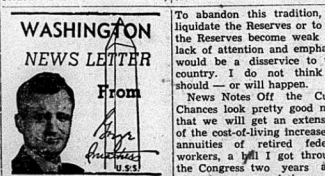

## Passion Play Nears End of Season

With the end of its season only two weeks off, the BLACK HILL PASSION PLAY at Lake Wales is preparing for Holy Week crowds. Only a few performances remain before the curtain is rung down on the play's second season in the beautiful new Amphitheatre at Lake Wales.

Easter Sunday will be the last time the famous PASSION PLAY may be seen in Florida this year. The production moves to its summer home in South Dakota immediately following the closing here.

A performance on Saturday night, April 17th, has been scheduled to accommodate those planning to come to Lake Wales for the Easter Sunday Service at Bok Tower. The Play is regularly presented on Sunday, Tuesday, and Thursday of each week. All performances are at 8 p.m.

The beautifully staged production is presented on one of the world's largest stages. For two and one-half hours one beautiful scene blends into another, as the story of Christ's last seven days on earth is unfolded. The camel caravans,

shepherds with their flocks of sheep, the Roman guards on their prancing white horses are all here. As Jesus enters the City on His donkey in this reenactment of the age old story, two hundred people in colorful and authentic costumes make the streets of ancient Jerusalem come to life.

From the touching scene at Bethany in which Jesus takes leave of His mother, through the somber beauty of the Last Supper and the excitement of the betrayal and trial scenes, Josef Meier's portrayal of the Man of Nazareth is one of great simplicity and sincerity. The characterization reaches its climax in the powerful scene depicting His tragic suffering and death on the cross. The triumphant resurrection, followed by the beautiful tableau of the Ascension with its glorious burst of colored lights and the swelling chords of the Hal-huiah Chorus, fittingly conclude the stirring presentation.

From beginning to end the PASSION PLAY as presented at Lake Wales is an impressive production. It is a fine addition to Florida's cultural life.

To abandon this tradition, to liquidate the Reserves or to let the Reserves become weak for lack of attention and emphasis would be a disservice to the country. I do not think it should — or will happen.

**News Notes Off the Cuff:** Chances look pretty good now that we will get an extension of the cost-of-living increase. Annuitants of retired federal workers, a bill I got through the Congress two years ago. The House appropriations committee voted necessary funds just the other day. . . The Senate Labor Committee is ready to act on my proposal to eliminate the "reduction clause" from the Railroad Retirement Act; a real effort is assured to get this measure through the Senate. As approved by the House, it would eliminate the gross discrimination which has prohibited retired railroad workers who draw annuities which they have earned from the railroad retirement fund from also drawing benefits they also have earned under Old Age Insurance.

**ENGINEERING GRADUATES MAKING TOP SALARIES**  
Engineering graduates of the University of Florida have found themselves trained for a comparatively lucrative profession.

Tubulation of 267 questionnaires returned by engineering and a realistic training alumni of the University, reveals that the largest majority of them have an income ranging

between \$5,000 and \$10,000.

Even three out of four engineering graduates since 1950 are in this income range. And, 46 of the 267 reporting make more than \$10,000 a year, while only 33 make below \$5,000.

According to Dean Joseph Weil of the College of Engineering at Florida, a young man could well look to a future in engineering.

**Want to join the Thrill of the Month Club?**

**It's a great experience!**

**I SEEMS everybody wants to get behind the wheel of a 1954 BUICK CENTURY and drive this "great performance car."**

We haven't seen such interest in years. So we Buick dealers across America have arranged to offer a guest-drive to 1,500,000 people during April—through the Thrill Of The Month Club.

You join simply by driving the car. And you discover the reason for the name when you take your drive—for it initiates you to a rich new thrill from a spectacular new performance.

It's the thrill of commanding instantly responsive, high-compression V8 power of new record might and silence—and the thrill of getaway with the complete and utter smoothness of Twin-Turbine Dynaflow.

It's the thrill of having swift, sure and superbly easy control with Buick's amazing new front-end geometry, Safety Power Steering, all-coil-spring ride, torque-tube steadiness. It's the thrill of sitting in supremely spaciousness and luxurious interiors. It's the thrill of driving with the panoramic visibility of a new kind of back-sweeping windshield.

It's the thrill of this month or any month —and we cordially invite you to try it, at the wheel of a Buick CENTURY.

Whether or not you are ready right now for a new car, we'll be happy to have you join the Thrill Of The Month Club—just by taking a demonstration drive in a 1954 CENTURY.

It's a remarkable experience—too good to miss. Drop in this week for more.
